FROM CURRENT & FORMER INTERNS

"Everyone truly made time for people - not just programs - and not only that, I felt amazed at how they also **made time for me!**"

I loved the idea of doing ministry in a close-knit community of incredible people living together. I spent almost a year living in the Fisherman's House, and my time was filled with many things from preparing and leading Bible studies, hanging out with kids, going to incredible trainings." - Rachel

"Living in the ministry house showed me how just one conversation, one act of kindness, one prayer, one word of encouragement, and even one hug can **transform a life**" - Courtney

"I started off as a tutor, then spiraled into the goodness that is working with inner-city youth, getting more involved in the lives of the students and their families. I wanted to live in the Promise House because I wanted to build relationships with my community as a neighbor, not just a volunteer. I wanted to live out the Gospel in relationships." - Kevin

"I look back over the past 3 years and am truly grateful that Emily came to talk to my campus Bible study about volunteering with RTNI. I began as a tutor for 2 years, then Summer 2021, I became a program lead for Summer Fun Camp. As I developed my own relationships with the kids here, I could not imagine leaving. **I wanted to deepen my involvement**, which led me to becoming an intern and moving into the ministry house" - Aliya

"I grew up in an environment that emphasized that living out the Gospel wasn't necessarily preaching it from the pulpit or Sunday school, but it was living in hard places with people. I have a huge desire to live out my faith in a community that really needs the Gospel to be preached. Building new relationships in Trevitt is really exciting for me." - Andrew

LIVE IN COMMUNITY SERVE YOUR COMMUNITY GROW IN CHRIST

We invite you to live in one of our Jesus Houses! Be a part of wholistic, life-on-life discipleship, live where you serve, and be transformed by Jesus as you proximate yourself to the those who are at the **Center of the Gospel**.

The Fisherman's House is the Ladies House in **Milo-Grogan**. Fourteen interns have lived and served there since it's founding in 2014. Just four doors from the the Starr House, interns enjoy building on the relationships that have been important to the RTNI family in Milo-Grogan since 2007.

The Promise House is our Guy's house, founded in the **Trevitt** neighborhood in 2020! It's recently remodeled, and the three interns who have lived there are getting to know the community and multiplying ministry as our dream of expanding to new communities is beginning to happen.

**Connect with
housemates who
share your vision**

In Your House:

- **Connect** with housemates who share the same vision of serving your community and growing in Christ together
- **Share** the downstairs, hosting people and programs
- **Help** create an excellent, hospitable space for ministry
- **Commit** to staying a minimum of six months
- **Pay** \$340 Monthly, which includes housing, utilities and wifi

In Your Community:

- **Serve** six hours per week with RTNI
- **Lead** discipleship programs for children and youth
- **Join** in with neighborhood events and activities
- **Live** intentionally
- **Know** your neighbors and be known by them

**Are you ready for
Life-on-Life
Disciplship?**
